# DIGITAL WEIGHT INDICATOR FOR SILO, TANK AND VESSEL WEIGHING 

Vessel weight indication problems solved simply and cost effectively.
The Smart range of digital indicators provides a simple solution where a local display of weight is required.
Three models are available at different price points to cover most requirements.
ATEX versions for use in zones 2, 21 and 22 are also available.

- User friendly configuration and calibration menu

High resolution; 100,000 external divisions

- 7 digit, high brightness, LED display
- EN 45501 approved

Digital communications

- Excitation for up to $4 \times 350 \Omega$ or $8 \times 700 \Omega$ load cells
- Lineariser function
- IP65 stainless steel enclosure with mounting kit
- Multi-range for dual range and dual division
- Configurable as a remote display
