Organize and charge your department's Reveal FirePRO[®]X units reliably with the Multi-Charge dock. Compact housing and versatile mounting options allow placement in the fire station, wall mount, or anywhere where appropriate power is available. A removable elastic retention strap keeps the charging units docked and secure.

Kit includes:

- 4 bay charger housing
- Wall mount plate with (4) screws
- Wall mount matching bracket (wall anchor screws not included)
- Elastic retention strap
- AC-DC (100-240V in, 5.5V 6.0A out) switching power supply with US/EU/UK plug adapters

Reveal FirePRO[®]X units not included.
